PREFACE

It is said that East is East and West is West and East and West shall never meet. The question is why not if truth is one. The answer must lie in the consideration that no one has found the truth.

I ended my last book: with the words: Realisation complete. This is tantamount to saying that I have found that truth. Is this a bombastic claim or is it true? How can one tell? It is definitely worth putting some effort into finding out the answer to the question.

The proof of the pudding is in eating. Truth is something so powerful and unbeatable in developments and arguments that it should be able to break down barriers between different sectors of humanity across the world. That is the premise that is occupying my mind at present.

So I must persevere.

Under the terminology of Conservative Libertarian a conception has been enunciated with the potential to break down barriers. It is named the Movement of Conservative Libertarians (MOCL).

Dear Sirs

Do I need to provide the requested information given that Tide Bank is one of 6 Banks along with the Financial Ombudsman who should be investigated for criminal conspiracy against me for over a year in this matter?

I am all in favour of breaking down barriers through correspondence as I have said in the attached autobiography: BREAKING DOWN BARRIERS-digital.pdf; but this kind of emailing is pure Satan-evil action.

Dear Sirs Do I need to provide the requested information given that Tide Bank is one of 6 Banks along with the Financial Ombudsman who should be investigated for criminal conspiracy against me for over a year in this matter? I am all in favour of breaking down barriers through correspondence as I have said in the attached autobiography: BREAKING DOWN BARRIERS-digital.pdf; but his kind of emailing is pure Satan-evil action. Yours sincerely Dr Shantanu Panigrahi 3 Hoath Lane Wigmore Gillingham Kent ME8 0SL United Kingdom Tel: 07967789619

 Hello, hope you are doing well. Allow me to introduce myself again for this invitation to connect may have surprised you.
 I feel after 27 years of struggling unsuccessfully for justice in the United Kingdom and equally for democratic representation through the four major parties that there is much improvement necessary for the government of the nation. I have accordingly taken my experiences one step further and created a mission named as the Movement of Conservative Libertarians (MCL) that has the objective of making the country prosper under a Conservative Libertarian Society the ethos of which is summarised as truth, justice and democracy. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

Yes, they only last a year and then you have to renew them online - you should be sent an email/letter detailing how to do that.

Hello Ethan, I had an interesting 40 minutes with the Psychiatrist at the 6 monthly appointments that we have. My wife accompanied me to it. Hope matters raised with Rizvi Rawoof are in hand at the Reform Party Headquarters although I have still not received the policy email address to get some feedback on the position that Nigel Farage/Richard Tice/Policy Team take on this issue: <https://www.theconservativelibertariansociety.com/forum/main/comment/5dd40cf7-790c-493c-9803-58f995d1d03a?postId=6692cdf1196cb100110affad> If someone can let me know I will address this poster's comments. Thanks. Shantanu

Hello, hope you are doing well. Allow me to introduce myself again for this invitation to connect may have surprised you.

I feel after 27 years of struggling unsuccessfully for justice in the United Kingdom and equally for democratic representation through the four major parties that there is much improvement necessary for the government of the nation. I have accordingly taken my experiences one step further and created a mission named as the Movement of Conservative Libertarians (MCL) that has the objective of making the country prosper under a Conservative Libertarian Society the ethos of which is summarised as truth, justice and democracy. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

Hello, hope you are doing well. Allow me to introduce myself again for this invitation to connect may have surprised you.

I feel after 27 years of struggling unsuccessfully for justice in the United Kingdom and equally for democratic representation through the four major parties that there is much improvement necessary for the government of the nation. I have accordingly taken my experiences one step further and created a mission named as the Movement of Conservative Libertarians (MCL) that has the objective of making the country prosper under a Conservative Libertarian Society the

ethos of which is summarised as truth, justice and democracy. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

Re: EDUCATION FOR KNOWLEDGE (GYAAN) THROUGH TRUTH (SATYA)

Knowledge is a process resulting from yoga, and the top method of acquiring it is through bhakti yoga where one never discards the possibility that there is a personal God, residing in one's psyche and in the external world. The methodology applied at the raw state is called satya-advaita yoga or the yoga of oneness with truth, that is truth-accommodation. It teaches one if pursued relentlessly throughout life to the Reality that is Brahman in its consciousness dimension termed 'Brahma-Nature' of good, semi-divine and evil components. Once this is realised, one finds one's atman and when atman=Brahman one is one's Self free of all attachments like hopes, wishes, aims, desires, expectations, anticipations, dharma, karma, and ego. This results in spontaneity of actions where one at the final stage acts instantly, spontaneously, nonchalantly and unpremeditatedly. When operating at atman level of Consciousness, the mind is free and the inflow of knowledge (Gyaan) is continuous.
